Safe Room Operations & Maintenance Plan Checklist Instructions

This checklist will assist local communities and school officials in developing a Safe Room Operations & Maintenance Plan (O&M Plan) as part of the requirements for funding safe room projects under the FEMA Hazard Mitigation Grant Program (HMGP) and the Building Resilient Infrastructure and Communities (BRIC) Program. FEMA Publication P-361 4th ed. Design & Construction Guidance for Community Safe Rooms identifies the majority of items required to be incorporated into the O&M Plan and shall be used for all safe room project applications. Safe room project applications submitted for funding under disasters declared after June 1, 2009, shall use Hazard Mitigation Assistance (HMA) Unified Guidance. The components identified in the 'Item' column are taken from the guidance documents and should be included and expanded upon in the Safe Room Operations & Maintenance Plan. Guidance for multi-use safe
