## Weather Story

## Hazards Report

### Today:

-No hazardous weather is expected at this time.

### Days Two through Seven:

-No hazardous weather is expected at this time.

Are you loving the rain forecast? Or are you looking forward to the warmth afterward? Is that 70 degrees in the forecast? We haven't seen that in St Louis since... well... shortly after Christmas.

## Weather Story

## Hazards Report

**Rain Chances Return Late Tonight thru Saturday Night** February 13, 2026 4:06 AM  
 Greater Than An Inch of Rain Possible South of Interstate 70

### Key Messages

- Rain chances will begin to overspread the region from southwest to northeast late tonight into early Saturday morning
- Best chances for rain will be from around 6am to 6pm Saturday
  - 50-80% north of Highway 36
  - 80-95+% south of Highway 36
- Areas along and south of Interstate 70 have a good chance (60+%) to receive at least 1.0"
- Above normal temperatures continue through the weekend and into next week
  - Monday-Wednesday 20 to 25 degrees above normal

National Weather Service  
Kansas City, MO

### Today:

-The probability for widespread hazardous weather is low.

### Days Two Through Seven:

-The probability for widespread hazardous weather is low.

Another warm February day is expected today with highs in the upper 50s to upper 60s. Rain is expected to overspread the area late tonight into Saturday morning and continue through the day Saturday. Rain may be heavy at times for areas south of I-70 where an inch or more of rain will be possible.

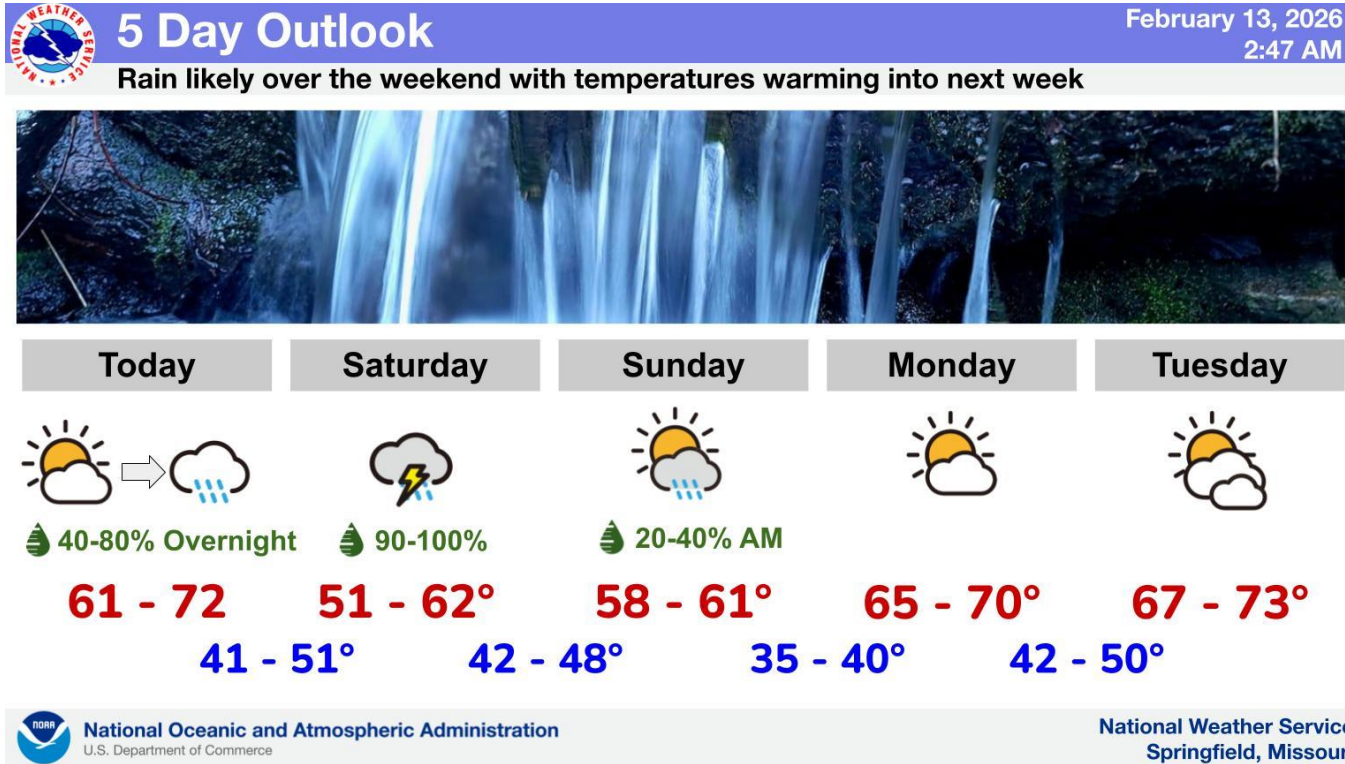

# NWS Springfield Weather Outlook

Source: <https://www.weather.gov/sgf>

## Weather Story

## Hazards Report

### Today:

- Limited hazardous weather is expected at this time.
- Possible limited lightning and excessive rainfall risk

### Days Two through Seven:

- Showers will continue at times Saturday into Sunday morning. There will be potential for some isolated embedded lightning with this activity.

Above normal temperatures in the 50s and 60s will continue the rest of this week through the weekend. Periods of rain will develop this evening and continue through Saturday night ending Sunday morning.

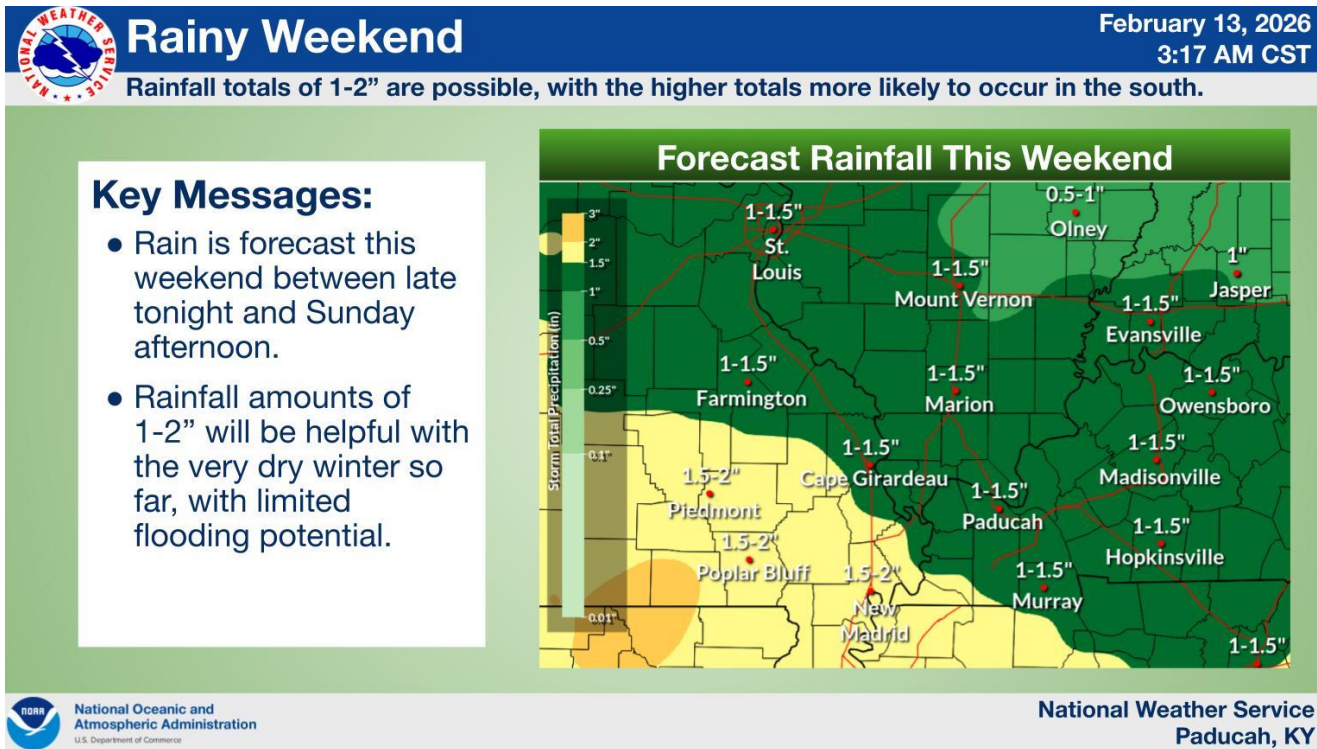

# NWS Paducah Weather Outlook

Source: <https://www.weather.gov/pah>

## Weather Story

## Hazards Report

### Today:

-No hazardous weather is expected at this time.

### Days Two through Seven:

-No hazardous weather is expected at this time.

Rain showers enter the region late tonight into Saturday with the best chances of rain from Saturday afternoon into Sunday morning. Rainfall amounts of 1-2" are forecast with the lower totals likelier to occur in the northeast and higher totals in the southwest.

# NWS Memphis Weather Outlook

Follow: @NWSMemphis

Updated: Fri Feb 13, 2026 3:31 AM

### Today:

-No hazardous weather expected today.

### Days Two through Seven:

- Limited risk of lightning Saturday and Sunday with an elevated risk of excessive rainfall Saturday.

High confidence for widespread rain showers this weekend. Greatest total rainfall will be along and north of I-40 where mainly 1.5 to 2" is forecast.

2/13/2026

# NWS Quad Cities Weather Outlook

Source: <https://www.weather.gov/dvn>

## Weather Story

## Hazards Report

### Today:

-No hazardous weather is expected at this time.

### Days Two through Seven:

-The probability for widespread hazardous weather is low.

The above normal and early spring-like weather will continue through early next week. The only blemish is a period of mostly cloudy skies Saturday along with a chance (20-50%) for light rain Saturday afternoon and night, mainly south of Highway 34.

# Local Burn Ban Considerations

Source: [Division of Fire Safety](#)

## County

For a County Commission, Section 49.266, RSMo, states a County Commission may enact a burn ban:

- An actual or impending occurrence of a natural disaster of major proportions within the county jeopardizes the safety and welfare of the inhabitants of such county; and
- The U.S. Drought Monitor has designated the county as an area of severe, extreme, or exceptional drought, the county commission may adopt an order or ordinance issuing a burn ban, which may carry a penalty of up to a class A misdemeanor. State agencies responsible for fire management or suppression activities and persons conducting agricultural burning using best management practices shall not be subject to the provisions of this subsection. The ability of an individual, organization, or corporation to sell fireworks shall not be affected by the issuance of a burn ban. The county burn ban may prohibit the explosion or ignition of any missile or skyrocket as the terms "missile" and "skyrocket" are defined by the 2012 edition of the American Fireworks Standards Laboratory but shall not ban the explosion or ignition of any other consumer fireworks as the term "consumer fireworks" is defined under section 320.106.
- The US Drought Monitor is updated every Thursday morning. The Missouri map and data can be found at this link: <https://droughtmonitor.unl.edu/CurrentMap/StateDroughtMonitor.aspx?MO>

# Local Burn Ban Considerations

Source: [Division of Fire Safety](#)

**Tax Based Fire Protection Districts:** As defined in section [321.010](#), RSMo, may consider enacting a burn ban under the powers of the board, pursuant to RSMo [321.220\(12\)](#).

**Municipalities:** May consider enacting a burn ban under applicable laws, including their local charters and chapters 71 through 100, RSMo

**Volunteer Fire Protection Associations:** Should work with their county commissioners to enact a burn ban on their behalf, pursuant to section 49.266, RSMo.

**ANY** department may issue an advisory for public awareness/education and make recommendations on open burning, fireworks, etc., when and how they see fit.

In **ALL** cases, the Division of Fire Safety recommends that you work closely with appropriate prosecuting attorneys, so any ban is enforced and supported. If you have questions regarding your ability to enact a burn ban or the procedure to do so, we encourage you to contact your local counsel, such as your city attorney or prosecuting attorney.

For any questions or concerns, please contact the Division of Fire Safety at: [firesafe@dfs.dps.mo.gov](mailto:firesafe@dfs.dps.mo.gov).

# Missouri Task Force 1 (MO-TF1)

## Urban Search & Rescue Resource Availability
